

Pavia 12 novembre 2012

Ai Membri del Comitato centrale
Ai Segretari di Sezione

Cari Amici,

come preannunciato, ecco la prima circolare europea scaturita dal lavoro della JEF-UEF Task force riunitasi lo scorso 5 novembre.

Anche in vista del prossimo vertice europeo ci sarà una mobilitazione delle sezioni JEF e UEF per promuovere la realizzazione della Federazione europea e spingere i principali attori a mettere sul tavolo progetti e proposte da realizzare in tempi brevi e in un quadro politico coerente per:

- istituire un bilancio separato dell'eurozona con la funzione di fornire le risorse necessarie per prevenire nuovi shock economici e finanziari e per promuovere il rilancio dello sviluppo;
- introdurre tra un gruppo ristretto di paesi, attraverso la procedura della cooperazione rafforzata, una tassa sulle transazioni finanziarie che potrebbe alimentare questo bilancio aggiuntivo;
- mettere in atto un sistema di votazione differenziata in materia economico-fiscale e di bilancio tra i membri del Parlamento europeo che provengono dall'Eurozona e da quei paesi che vorrebbero entrarvi, e quelli eletti in paesi che non hanno adottato l'euro né vogliono adottarlo.

Lo slogan comune per la mobilitazione di dicembre sarà:

***“ 12.12.12: TIME TO DECIDE, TIME FOR A
EUROPEAN FEDERATION! ”***

Ecco di seguito la circolare inviata congiuntamente dalla presidenza della JEF e dalla segreteria dell'UEF.

Ulteriori informazioni, aggiornamenti e notizie, nei prossimi giorni.

Un cordiale saluto

Franco Spoltore

To the Federal Committee members, to the national, regional and local sections of JEF and UEF

Dear friends,

At occasion of EU Summits JEF and UEF decided to offer opportunities for actions. Next opportunity to be active is the new joint **pan-European campaign initiative in view of the meeting of the European Council next 13-14 December** under the slogan:

“12.12.12: TIME TO DECIDE, TIME FOR A EUROPEAN FEDERATION!”

The European Council meeting will have to consider important measures to consolidate the Eurozone with a banking, fiscal and political union. In the past months the economic crisis has put pressure on national governments to act, but national resistances and weak political will are making uncertain whether bold decision will really be taken. With our pan-European initiative we want **to make pressure on national governments to act – and act now** – by approving a road for a constitutional convention with a mandate to arrive to a democratic federal Eurozone while preserving the achievements of the Union. We also want to make pressure on the members of the European Parliament to have their say and not let the initiative for a plan for a political union in the hands of the national governments alone.

We ask your support to **mobilise your local section and join this pan-European initiative**. In the next few days and weeks, you will receive more information and material that can be used for your action. Material and news will also be posted on our websites and Facebook pages. Meanwhile, we ask you already to get going and start organising your event as soon as possible.

What can you do?

1- A PUBLIC ACTION

Any type of action, big or small, counts. You can organise your event **in the week preceding the European Council and particularly on the preceding day: 12.12.12.**

You can organise:

- a public stand to distribute leaflets and other campaign material in the city centre
- even without a stand, distribute leaflets in the city centre
- a flash-mob or other street action
- a panels discussion with politicians or organisations of your city

Regarding the JEF sections and all UEF sections willing to join, we suggest a 'star' flash-mob: a flash-mob with European stars as 12 is also the number of stars on the flag, on the model of what [was organised in October in Verona](#) to attract the attention of passer-by.

2- AN EMAIL CAMPAIGN TO LOBBY YOUR NATIONAL REPRESENTATIVE IN THE EUROPEAN COUNCIL AS WELL AS YOUR MEPS

We also invite you to engage your sections in **an email campaign to your Head of government / head of state and MEPs**. A format prepared at European level will be circulated in the coming weeks, but meanwhile you can already prepare by looking for the email address of your Prime Minister and inform your activists of this initiative.

3- A PROMOTION OF THE PAN-EUROPEAN CAMPAIGN

If you are responsible for a national or regional section, we ask you to inform all your local sections in your country or region.

To maximise the impact of your action we will also ask you:

- issue a press release before and after your action, using a format prepared and circulated by the European level, which you can personalise as you think fit
- send us pictures of the event as soon as possible on the same day to show the great pan-European mobilisation for a federal Europe.

As soon as you are certain to organise an event in your city, please inform JEF Europe Secretariat at info@jef.eu and UEF Secretariat at secretariat@federalists.eu.

We count on you and your section support!

With federalist greetings,

Pauline Gessant, President of JEF, Young European Federalists

Christian Wenning, Secretary General of UEF, Union of European Federalists

Union of European Federalists [UEF]
